EXPERIENCE

Neospaces, Los Angeles — *Web Developer*

AUGUST 2021 - PRESENT

I have experience with both front and back-end web development, creating projects with modern, responsive designs, server-side programming, API development and integration, database management, website traffic analysis, and SEO, just to name a few things.

A1 American, Pacoima — *Order Processor*

APRIL 2022 - PRESENT

Processed wire transactions, online credit card payments, and check deposits. Communicated with shipping/warehouse departments about order readiness. Directly reported daily deposits for Los Angeles company HQ to CFO.

KPB Taco Bell, Colorado Springs — *Cashier*

JANUARY 2022 - APRIL 2022

Provided an exemplary customer experience for each individual customer. Prepared restaurant for opening at the beginning of the day. Worked at the 2nd highest earning Taco Bell in Colorado Springs, CO.

US Army, Colorado Springs — *Security Manager*

JULY 2018 - DECEMBER 2021

MOS: 35F All-Source Intelligence Analyst - Conducted physical security reviews and audits. Awarded 2 Certificates of Achievement for outstanding performance. File management and security on Windows OS.

EDUCATION

W3Schools, Colorado Springs — *Front End Developer Certificate*

AUGUST 2021

Ability to design and create full-stack websites from the ground up. I can implement code changes, manage API integration, understand data analytics, and register domains, just to name a few things.
